

Resoling your Meindl boots

The best way to return your boots for resoling is through the shop you bought them from.

If this is not possible then you can send them direct to us at:

**Bramwell International Ltd,
Hincaster Hall, Milnthorpe, Cumbria LA7 7ND**

Please clean your boots thoroughly, including the soles, before returning them - they are being sent to Germany and as we are sending them abroad they must be free of mud, grass etc.

Please complete the form below and include it with your boots. If we do not have this information this will slowdown the processing of your boots.

Name	
Address	
Tel	
Email	

Your boots will be resoled at Meindl and we will contact you for payment on their return . The cost of a resole ranges from £85- £117 dependent on the model.

We will ask you to pay by Bank Transfer to:

Bramwell International Ltd HSBC Milnthorpe
Sort Code 40-33-28
Account 9140 1084
Please use your surname as a reference.

If you have your own footbeds please remove them before sending the boots to us. Meindl replace the footbeds and laces in your boots when they are resoled so if the ones in the boots are in a good condition we suggest you remove them & keep them as spares

Please note that Meindl reserve the right to use another sole unit suited to the model, if the original is no longer available.

Please be aware that boots can only be Resoled if the leather is still supple & in good condition and particularly that they are free from cracks in the leather.

Boots will be away at Meindl for around 3 - 4 weeks.

We can only deal with boots sent from, and to be returned to, an address in the UK or Ireland.
